4 March 1949.

MEMORANDUM FOR: The Executive.

In your absence, the details reference the assignment of key research and analysis personnel to [redacted] intelligence staff in [redacted] were completed. 25X1

It was first intended that such personnel from ORE would be sent overseas on a regular two year contract basis and assigned to OSO. The Assistant Director, ORE, the individuals concerned ([redacted]), and their branch chiefs, all had an objection to the length of the proposed tour. They suggested that they be sent on a TD duty status for six months and be replaced by other personnel at the end of that period. ADSO had an objection to this on the basis of favoritism over the regular OSO personnel. 25X1

The Director finally decided, after clearing with [redacted] that the two individuals concerned would be sent on a six months TD basis, would remain assigned to ORE, and be directly under the control of [redacted]. A condition of such assignment was that they be sent on a bachelor status as there was no legal authority for sending their families while they were on a temporary duty status. There would, of course, be no objection to their families accompanying them if it were done without expense to the Government and could be cleared by EUCOM. 25X1

24 January 1949.

MEMORANDUM FOR: Assistant Director, ORE.

On 23 December 1948, a conference on EUCOM intelligence matters was held in the Director's Office. Present were:

The Director and Deputy Director
ADSO and his Chief of Operations

25X1

[redacted] outlined his plan for the establishment of an organization under his control for the over-all direction of intelligence activities in EUCOM. He requested that CIA provide two qualified individuals to occupy key positions in that organization, one to be essentially a research and analysis expert and the other to be an operationally experienced collector.

The Office of Special Operations has provided the individual in the second category above. The Director desires that the research and analysis expert be provided by O-E. When selected the individual concerned will be transferred to OSO and detailed for a tour of duty in [redacted] as a CIA(OSO) member of [redacted] Staff.

25X1

In view of the advantages to CIA and the desire of [redacted] to expedite his organization, it is apparent that the selection of a qualified research and analysis expert must receive priority treatment.

25X1

Attached hereto is a Memorandum of interest to the project concerned. It is requested you inform the Director of your nominee at the earliest practicable date.

E. K. WRIGHT
Brigadier General, USA
Deputy Director of Central Intelligence
